Defence Research & Development Organisation (DRDO)

Subject: Application for Research Internship at DRDO

Respected Sir/Madam,

I am wrtting to express my interest in the Research Intern position at the Defence Research and Development Organisation (DRDO). With a strong foundation in literature review, research, and data analysis. I am eager to apply my theoreticoennlipe in a practical setting while contributing to the orgoing research and development efforts aligned with national defense.

Throughout my academic journey, I have developed critical thinking and problem-solving skills that enable me to approach complex challenges with precision. My keen observation abilities allow me to analyse information effectively, ensuring thorough understanding and insightful contributions. I am particutarly drawn to this internship opportunity as it promises exposure to core technical areas under the guidance of esteemed scientists and engineers.

I understand that discipline is paramount in a research-oriented environment. My commtiment to maintaining high standards of work aligns well with DRDO's empheis on analytical thinking and structured research practices. I am enthusiastic about immersing myefl in an innovative environment where I can learn from experienced professionals while contributing meaningfully to ongoing research and development activities

Thank you for considering my application for this internship opportunity at DRDO. I look forward to the possibility of discusing how my background and skills can contribute positively to your team.

Yours sincerely,

Harshit Mishra
